

## SKILLS

### Web Development

- HTML
- CSS
- PHP
- MySQL

### Object Oriented

- Java
- C++
- C#

### Languages

- English (*native*)
- Vietnamese (*native*)
- Japanese (*basic*)

## ACTIVITIES

### Directed Independent Study, Fall 2015

- Created a database that tracked internships at FSU
- Built a corresponding website with PHP and MySQL to pull data from the database

### Hackathons

- HackFSU
- SwampHacks
- HackGT

## RELEVANT COURSEWORK

- Extensible Enterprise Solution
- Mobile Applications, Development, and Management
- Advanced Web Application Development
- Information Organization and Communication
- Research and Data Analysis
- Digital Graphic Design
- Advanced Database Management
- Information Architecture

## PROJECTS

### Pet Store Web App, Jan. 2016 - Mar. 2016

- Developed a web application that can record, track, and maintain relevant company data
- Created Pet Store database in MySQL to use as for testing and to link to the web application
- Used Java servlets and JSP to create functions in the web application such as add, delete, and edit

### The "IT" Girls Research Project, Jan. 2016 - Mar. 2016

- Investigated the gender gap present in the field of technology and how that translates to our student body
- Collected data through survey questionnaire to understand how the student body perceived this gender gap
- Observed different STEM classes to compare the ratio of men to women in beginner classes vs more advanced classes

### War Game App, Fall 2015

- Created an iOS game app based on the classic War card game during HackGT
- Built teamwork and communication skills by collaborating with a group consisting of three other students
- Learned the basics of Swift and how to put an app together in iOS

## INVOLVEMENT

### Vietnamese Student Association

#### Vice President, Apr. 2016 - present

- Oversee all activities and special projects in the organization
- Promote growth in leadership skills in all chairs and committees under the Vietnamese Student Association
- Organize executive board meetings and co-lead with the President

#### Program Coordinator, Apr. 2015 - Apr. 2016

- Coordinated all fundraising events within the Vietnamese Student Association averaging about \$250-\$400 per event
- Developed teamwork and communication skills by planning general body meetings and social events
- Designed posters and flyers for events resulting in higher attendance and a bigger VSA presence within FSU

## EDUCATION

### Florida State University, Tallahassee, FL

B.S. Informational Technology  
Graduating May 2017  
GPA 3.42
